## The Whiskys of Suntory — Yamazaki

Yamazaki -The very first distillery established in Japan to produce whisky. This is where both of the Godfathers of whisky began their careers. Shinjiro Torii, "the nose," brought his dream of making Japanese Whisky to life, breaking ground on the distillery in 1923. His first master distiller studied whisky in Scotland in 1923. Yamazaki was established in 1929 on the foothills of Mt. Tenno. Yamazaki is famous for its ability to defly use casks in maturation to make truly wonderful whiskies. The Yamazaki single malts are slightly floral but round and heavy, leaving a strong impression.

## The Whiskys of Nikka — Yoichi

Masataka Taketsuru was born into a Sake brewing family in Hiroshima and is the 1st distiller of Japanese whisky. He began his career as the Master distiller of Yamazaki distillery. He was the first Japanese apprentice of whisky in Scotland. He learned the craft of making great whisky in Scotland at Longmorn distillery in Speyside. Yoichi, the place chosen by Masataka, was close to the sea, surrounded by mountains on three sides and in many ways similar to Highland in Scotland. A cold climate with an appropriate humidity, crisp clean air and fresh water - everything necessary for his ideal whisky was available. The proximity to the sea is one of the distinctive features of Yoichi. The sea breeze gives a briny hint to the whisky during the maturation.

## The Whiskys of Nikka — Miyagikyo

Masataka aimed to make his blend more complex by widening the variety of whiskies. In 1967 he was exploring the northern part of the main island to find another ideal site for his second distillery. He came across a beautiful foggy glen surrounded by mountains and at a junction of two clean rivers. Once he tried the water from one of the rivers, which is now the water source, he was so impressed and immediately decided to build a distillery there. The name of the river was Nikkawa river by coincidence.

## The Whiskys of Venture Chichibu

It all started some three centuries ago when the first of Ichiro Akuto's forefathers began making alcoholic beverages in Saitama Prefecture. His Grandfather began making whisky in the mid 1940's with Hanyu Distillery, whose focus on malt whiskies took off with the Japanese economic boom of the 1980's. However, when the bubble burst in the 1990's, so too did the first Japanese Whisky boom, leading to Hanyu, like several other distillers, shuttering their doors. He saved the old inventory of Hanyu and released the playing card series. A slow start in the early 2000s now unicorn whisky, the stuff of legend. With the success of the playing cards Ichiro saw that the revival was imminent and in 2008 he built his current distillery in Chichibu. Chichibu distillery where Ichiro, a 21st century whisky maker embraces the heritage and heart of the Scotts balanced by the precision of the Japanese and the shokunin philosophy.

## The Whiskys of Mars

Sandwiched between Japan's soaring Southern Alps and the towering Central Alps, at just over 2,600 feet, Mars Shinshu is Japan's highest whisky distillery. The Hombo family have been distilling for more than a century and they added whisky to their repertoire in 1949. Back then the distillery was located in Kagoshima Prefecture on the southernmost island of Kyushu. Until 1984, it was the southernmost whisky made in Japan, which ended with the Hombo clan moving the distillery to the idyllic alpine setting of Miyada village in southern Nagano Prefecture. They chose this site for its cool temps, which slowed maturation, and the plentiful, soft, granite filtered snowmelt fed aquifers. Smart choice. The whiskies are elegant, smooth and very complex.

## The Whiskeys of Blanton's — Blanton's Single Barrel Bourbon

Blanton's was born from the oldest continuously operated distillery in America, Buffalo Trace. In the winter of 1881, Albert Bacon Blanton was born into one of the first families of bourbon history. At the age of sixteen, he started work in the Distillery as an office boy and quickly became a leading pioneer in the development of bourbon. From the time he was made company president in 1921 until his retirement in 1952, his Distillery expanded from 44 to 144 buildings to become the largest Distillery of its day. During that period Colonel Blanton created his very special and limited supply of bourbon - his private reserve - handpicked and stored in what now is known as the famous Warehouse H. Although Colonel Blanton died in the spring of 1959, his legacy lives on. Introduced in 1984, Blanton's namesake bourbon was the first ever Single Barrel Bourbon sold commercially. The Single Barrel Bourbon is the first of its kind. Roka Akor is proud to partner with Blanton's Single Barrel Bourbon to bring you these unique selections for a limited time only.

## The Cognacs of Remy Martin

The House of Rémy Martin's story was written by audacious and spirited men and women—and it will continue to be so. In 1738, King Louis XV of France granted Rémy Martin the rare right to plant new vines in recognition of the excellence of his cognacs. To accompany the House's development abroad, he chose the Centaur as the House's emblem, creating the very first logo. An avid astronomer, it was also his star sign, Sagittarius. In 1830 the 1st grand cognac was created.

“Trothe winery in Horse Heaven Hills of Washington state is the embodiment of what American Cabernet Sauvignon should be. The Cabernet Sauvignon is powerful but extremely balanced. The wine has the structure of great Bordeaux but the great fruit we come to expect from American Cabernet Sauvignon. The 2022 Sauvignon Blanc is one of the best American Sauvignon Blancs I have had and drinks a bit more European in style.”

– Steven Tindle, Wine Director, Roka Akor.

---

Classically elegant, vibrant, and built to last, Trothe Cabernet Sauvignon embodies the spirit of Horse Heaven Hills and exemplifies the highly acclaimed wines coming from the region. Trothe winery wholeheartedly believes in the dazzling potential of this land, and they aim to create its purest expression of place.

The Cabernet Sauvignon fruit is hand-selected from blocks, rows, and individual vines that highlight the terroir and each vintage’s distinctive character. With this micro-cru approach, Trothe winery celebrates Horse Heaven Hills and its ability to reap extraordinary fruit that translates into exceptional Cabernet Sauvignon.

The word Trothe is a pledge of faithfulness to be loyal especially in a marriage or relationship. The relationship between the Andrews Family and this special plot of land is evident in the quality in these wines.

2022 Trothe Sauvignon Blanc \$150

Spring 2022 began with extraordinarily cool temperatures and a late spring frost in the vineyard. The site’s wide canyons funneled cold areas away from the vines, protecting the 2022 vintage. Sauvignon Blanc likes shade, so Trothe grew a large canopy in anticipation of another hot year. Though Mother Nature didn’t kick the heat on until August, their preparations kept the fruit cool when it was needed most. Timely work protected delicate floral notes within the fruit while an extended fall ripening period allowed for development of expressive tropical notes.

Robert Parker - 96 points, highest rated white score ever out of Washington. 44 cases made.

2019 Trothe Cabernet Sauvignon \$395

The 2021 Cabernet Sauvignon already offers power, focus and purity with an oak-driven freshness, divine spiciness and a rocky graphite essence in the glass. Medium to full-bodied, the wine features flavors of juicy dark cherry, black plum and spiced blackberries along with succulent tannins over the mid-palate. The wine reveals layers of complexity that somersault through the long-lingering finish. It’s already showing fantastically and is proof that the team at Trothe has pointed at the centerfield fence and is eager and ready to swing away! Keep these guys on your radar!

Wine Advocate - 98 Points
