Bozal Mezcal Flight

Roka Akor is proud to have Bozal as our premium Mezcal.

On the steep precarious hillsides of Oaxaca and Durango, varieties of agave indigenous to the region grow wild and are heavily sought after by the local mezcaleros. These varieties produce flavors that are exotically intense, with rich earth tones and savory smokiness. From the heart of the maguey, these flavors are traditionally extracted to produce mezcal that is wildly refined. Please enjoy these unique expressions of Mezcal. Ask your server about these unique expressions and which one you might enjoy or try them in a flight.

Angel's Envy Flight

In the heart of Louisville Kentucky, Angel's Envy has been maturing their whiskey in charred oak barrels. Maturing for 4 to 6 years, then transferring it to secondary finishing casks, crafting a distinct blend of refined complexity with an inviting flavor profile. During the aging process, the 5% of spirit lost each year is known as the "Angel's Share." After tasting the finished product, Master Distiller, Lincoln Henderson joked that they had finally struck a better deal than the angels. And so, Angel's Envy was born.
